THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

MONDAY, OCTOBER 25, 1869.

A JUDGE KICKED BY A MAYOR. NO KICKING BACK. ALL HE SAID WAS "MURDER! MERCY! TAKE HIM OFF."

His Honor, Augustus Adkisson, the Mayor of Milton, being in attendance on the State Fair, called at the SENTINEL office and we availed ourselves of the opportune occasion to "interview" him, upon the delicate question of having kicked Judge Tourgee in the streets of Milton.

Some half dozen plain farmers of Person and Caswell, who came to the Fair in their wagons, walked before us as we came from the Fair ground on Friday; we did not know them. We heard one observe, "Judge Tourgee is in town." Another said "I don't want to see him, I want to see no man who can't look you in the face." Said another "then you don't want to see the Governor, for he was never known to look a man straight in the face."

Said a third, "Tourgee wants Augustus Adkinson to kick him in the streets of Milton again." We asked the man who uttered the last sentiment, if Adkinson was in the city; upon his answer in the affirmative, we told him to send him to see us.—Friday night we were introduced to Augustus Adkinson, who informed us he was Mayor of Milton by appointment of Governor Holden; that Judge Tourgee, some two years ago, having interfered in his private affairs, he determined to chastise him with a club; he seized a stick and made at him, the Judge hollowed "murder! mercy! take him off!" and then took himself off. With his back to me, I could not strike him with the stick, so I followed him up, and "first with one foot and then with the other, I gave him the worst and most protracted kicking that any man ever had." "Did he offer to fight?" "Not in the least!" "Where did the kicking take place?" "On the main street in Milton, near the Presbyterian church, in the presence of many witnesses both white and black." "I kicked him along the street as far as from here to the Court House, just as hard as I could, and every kick enough to raise a white swelling."

On Saturday, we measured the distance to the Court House, and it was thirty seven steps. So His Honor, the Mayor, must have given His Honor, the Judge, thirty-seven fundamental pops.

Captain Burton, of the Petersburg *Index*, was in our sanctum at this "interviewing," looking for all the world as if he thought such a useful Mayor could improve the Judiciary of the old dominion.

PEN AND INK SKETCHES OF THE UNIVERSITY OF NORTH CAROLINA.

We have been repeatedly asked who was the author of the "pen and ink sketches" which were read with so much pleasure by the people of North Carolina and the Alumni of the University scattered over the whole South. We always evaded a direct answer to the question.

When the only lady to whom we tell our secrets, insisted on knowing, without intending to be rude, we said "it is none of your business, and, like your whole sex, you have too much curiosity." The reply was, "your secret tells itself, every body knows that it is Mrs. Spencer, for no one else could write them." It is almost as common to meet warm and devoted friends of the University of North Carolina in Alabama as in North Carolina, and the same remark is true of all the Southern States; for the late University was a Southern, rather than a North Carolina Institution. Other than North Carolina hearts are grieved to see the University in its abnegation and humiliation. When she puts off her sack cloth and ashes, and stands up in her robes of beauty and usefulness, as one of the Institutions of the country, for the education of heroes statesmen, Judges, Governors and Presidents, as she has done in the past, there will be more hearts to rejoice than can be found in North Carolina, as the following incident clearly demonstrates:

A venerable North Carolinian, resident for the last 36 years in Alabama having read this Summer those "sketches," republished from the SENTINEL in the N. C. *Presbyterian*, was so deeply gratified and touched by them, feeling his love for his native State renewed and strengthened, that to express his admiration and regard for the author, though personally unknown to him—his veneration for the great and good men who made the University what it was, and who are so graphically and truthfully delineated, and also to express his sympathy in its present degradation—he sends the author a massive plated gold ring, having engraved on the inside—"In memory of Caldwell, Swain, Phillips, Sr. Mitchell, Hooper, and the University of N. C. *as it was*. A tribute to Mrs. C. Phillips Spencer, from Wm. Huntingdon." One hundred and thirteen letters are very beautifully engraved on the inside. A delicate and beautiful token—invaluable to the lady, we presume.

We learn from the *Argus*, that Mr Joseph Medley, of Wadesboro, had his leg badly broken by an iron giving way, when he was raising his mill stone, causing them to crush his leg.

THE LEASE.

We should have said more about the lease of the North Carolina to the Raleigh and Gaston Company, if we could have found in this city a copy of the proceedings of the last Stockholders meeting.—Many of the Stockholders of the Raleigh and Gaston Road tell us we have denounced them as swindlers; our answer to them is, we have done *no* such thing; we have denounced the lease; the Stockholders of the Raleigh and Gaston Road had nothing to do with it; the lease was made before they even knew it. When we denounce the lease we are not denouncing the Stockholders of that corporation. The Stockholders think that they are to have a say on the 11th, but it is not provided for in the terms of the lease. The ninth section of the charter of the Company says, "The affairs of the Company shall be managed and directed by a general Board of twelve directors." The nineteenth section says, "The Company may when they see fit farm out their right of transportation, over said road."

Relying on these two sections, a friend of the lease says, the bargain is closed, the Stockholders, willing or unwilling, have nothing to say. We feel very sure that the lease is so contaminated with fraud as in equity to make it void. We know that money was offered in the matter of the lease, and we suspect that heavy bargains and promises are to be fulfilled upon its consummation.

The following curious letter was received by the Executive Committee and read before the N. C. Agricultural Society, at one of their meetings during Fair week:

I am King of all Grapes in America, I enjoy splendid health. Never am I bothered with any disease, as mildew or rotten spots. I can stand any kind of weather; all that I need is, to raise me good, nurse me good and give me plenty to eat, and I will bring you, every year, fine and plenty grapes which are good to eat, and which makes a fine wine. Look around me and see all those bottles and jars, filled with fine wines, pickles, preserves, jellies and syrups, all made from me.

Raise me in dry soils, and I will fill your pocket-books; drink my wine freely and it will make you lively, happy, industrious, and a good people; but for God's sake, don't drink any more of that *stuff* they call "liquor." It puts the devil in you and leads you into mischief and crime. I like the people, the soil and the climate of the "sunny South," especially of the "Good Old North State," but I don't like to live on the other side of Mason and Dixon's line; the people and country there are too chilly for me.

Your True Friend
CAROLINA SCUPPERNONG.

The letter is supposed to have been written from the centre of the flourishing young Vineyard of Mr. Louis Froelich, near Kenansville, Duplin county in this State.

Advice received from Paraguayan sources represent that President Lopez has established new lines of defense at San Eestane Islands, where he has a considerable force of men and plenty of artilery. The allies were unable to continue the pursuit for want of horses and mules, but will resume as soon as their army is organized.

A great many of the parties who recently purchased farms in Virginia are turning their attention to the raising of fruit. The nursery men, florists and seed dealers are receiving large orders for such descriptions of peach, apple, and other fruit trees, as flourish best in that climate.

The Government land surveys along portions of Gila river, in Arizona, recently disclosed ruins of elaborate structures bearing evidence of an obliterated race that apparently possessed considerable knowledge of arts and manufactures, and the lands themselves seem to have been under cultivation for centuries.

Fort Benton has been reoccupied by Government troops. Smallpox is prevailing among the Indian tribes near there. Several white men have been killed by the Indians between Fort Benton and Meek river within the past few days.

A strike is progressing among the workmen employed in the shops of the Erie railroad. Four hundred struck at Susquehanna, and two hundred at Jersey City, and it is supposed the hands at Buffalo have also struck. The cause is said to be delay in paying the men, owing to the scarcity of currency. The company say they will have no difficulty in getting new men, and that there will be no interruption to the business of the road. The strikers were paid off.

The president of the Baltimore Board of Trade has received an invitation from the Viceroy of Egypt to be present at the inauguration of the opening of the Suez canal, under the very liberal provision of a free pass, which, on motion of the Board, the president was requested to accept. This the president signified his willingness to do, though he declined making the trip.

A PROCLAMATION,

By His Excellency, the Governor of North Carolina.

EXECUTIVE DEPARTMENT OF N. C.
RALEIGH, Oct. 20th, 1869.

Notwithstanding the existence of peace and good order in other portions of the State I regard it as my duty to announce that in four Counties, to wit: Lenoir, Jones, Orange, and Chatham, there is, and has been for some months past, a feeling of insubordination and insurrection, insomuch that many good citizens are put in terror for their lives and property, and it is difficult, if not impossible, to secure a full and fair enforcement of the law. Information has reached, and continues to reach the Executive, that in the above Counties a state of feeling exists which is totally incompatible with the free exercise, by the friends of the Government, of that independent expression of opinion, and that freedom of action, which is the birth right of every American. In Lenoir and Jones various thefts and murders have been committed; jails have been forcibly opened and the prisoners taken thence have been murdered; an officer of the law has been waylaid and slain on the public highway, and another officer of the law has been slain in the open day while engaged in his ordinary avocations. Private dwellings have been entered and the occupants terrified, and some of them whipped or murdered; others have been shot or hanged or cruelly beaten; and the result is that thus far the civil law, though firmly asserted and maintained, has not been adequate to bring the insubordinate and the wicked to condign punishment. In Chatham the jail has been forcibly opened and a prisoner, confined under sentence of a Court of the United States, has been liberated and is now at large. In Orange the jail has been forcibly opened and two prisoners (colored men) taken out and shot one of whom has died of his wounds. Three other colored men have been hanged until they were dead, one has been cruelly mutilated, and others have been whipped. White citizens have been injured, insulted and terrified. The University of the State, sacred to the cause of learning, has been repeatedly invaded by bands of armed men in disguise on horseback, and acts of violence have been there perpetrated on unoffending citizens and officers of the law. Many of the colored people in these Counties, and no inconsiderable portion of the white people, though obedient to the law and good citizens, are living under constant apprehensions that they may fall victims at any moment to the malice of their enemies,

It is made my duty under the Constitution "to call out the militia to execute the law, suppress riots or insurrection and to repel invasion." I deeply regret that it seems necessary to resort to the military power to enfore the law and to protect the citizen. But the law must be maintained. I have waited in vain, hoping that a returning sense of reason and justice would arrest these violations of the law. But these evils, instead of diminishing have increased, and no course is left to me but to issue this proclamation of admonition and warning to all the people of the Counties mentioned, whether engaged in these flagrant violations of law, or whether indifferent or insensible to what is occurring in their midst. I now call upon every citizen in the Counties aforesaid to aid the civil power in a fearless enforcement of the laws. No set of men can take the law into their own hands. Every citizen, however humble, or whatever his color, has a right to be at peace in his own house, and cannot be taken thence except by due process, and cannot be punished save by the law. If there be those who counsel resistance to established authority, such persons are traitors, and should be punished accordingly; if there be those who, disguised or masked, enter the dwellings of others by force and commit acts of violence, such persons are guilty of felony, and should be punished by hard labor in the penitentiary; if there be those who, without precept or order, hang, or shoot, or otherwise deprive any one of life, such persons are murderers, and should be punished accordingly.

I now give notice in the most solemn manner, that these violations of law and these outrages in the aforesaid counties, *must cease;* otherwise, I will proclaim those counties in a state of insurrection, and will exert the whole power of the State to enforce the law, to protect those who are assailed or injured, and to bring criminals to justice. In a matter like this there should be no party feeling. It is my fixed purpose to protect every citizen without regard to his antecedents, his color or his political opinions; but to do this the law must be sacred, must be spread over all alike, and must be inflexibly maintained.

Done at our City of Raleigh, this the 20th day of October, in the year of our Lord, one thousand eight hundred and sixty nine and in the ninety-fourth year of our Independence.

NEW ADS.—W. C. Stronach & Co. announces a number of articles in his line.

L. M. Davis, Optician.

STOCKHOLDERS MEETING.—Let the Stockholders of the North Carolina Rail Road remember that the 11th day of November is the day for their meeting. Let those who do not attend, send their proxies to such friends as will not sacrifice the road by leasing it to the Raleigh & Gaston Company for $240,000, when other Roads will give $300,000 or even more.

MAYOR'S COURT.—William Mitchell, *alias* "Boots," the chap who robbed Mr. Heartt's Store, some time since, and Archie Perkins, who robbed Creech's Store, on the same night, both colored, were arrested on Saturday night for robbing the money drawer of B. F. Cheatham & Bro., of some four or five dollars, and duly committed by the Mayor.

John Robeson, colored, for violently entering the house of Frances Cotton, near the Fair Grounds, Saturday night, was bound over to Court in a bond of $200.

Marion Bryan, Gaston Smith, Parham Waddell, Jasper Waddell, and J. Q. Bryan, for attempting to break into the house of Becky Johnston, were held to bail to appear this morning.

Jack Hofferen, a federal soldier, for being drunk and disorderly, was held to bail for better behavior.

WON THE ORGAN.—At the Concert Saturday night, the following was the vote for the Organ, for the Episcopal Church 4, Presbyterian 26, Baptist 25, Methodist 134, Roman Catholic 223, so the latter got the Organ. Owing to the rain, the attendance was smaller than it otherwise would have been.

We are requested to state, that all articles on exhibition in Floral Hall, at the Fair last week, uncalled for at the close, have been left with Miss Sophia Partridge, residing on Hargett street, near the Fair grounds.

TOURNAMENT AND CORONATION BALL AT WELDON.—We acknowledge the receipt of a ticket to the Tournament and Coronation Ball at Weldon, on the 11th of November; the Ball to come off at the Emry House.—A pair of silver spurs is to be the prize of the successful knight.

SATURDAY NIGHT.—We feel little like writing to-night; it is Saturday night, and we are particularly tired, having been in a constant bustle during the last week. It is Saturday night, and raining; everybody who would venture out at all, has gone to the concert, where, at the time of this writing, the Tremaine Brothers and Mr. Pierson are giving them double the worth of their money in music, vocal and instrumental, and then giving one of their Burdett combination organs to that Church that shall be most fully represented at the Hall. A great many of persons, who would have gone, more for the sake of the music than the organ, were doubtless kept away by the rain.

As we have said, we don't feel like writing; not that we have nothing to say, but are too weary to say it. We should not be so exhausted by the hub-bub of the Fair, if we were as lean and rawboned as some Locals we know of, who haven't flesh enough on their carcasses to tire a cat.—But we are *fat*, from the effects of high living, and that is our apology for writing no more to night, especially as it is Saturday night.

In the list of premiums, published in our issue of Saturday last, Miss M. L. Lindsay, who received a premium for a knit shawl, should have been registered from Greensboro' instead of Raleigh.

Mr. B. H. Norris, Captain of the Night Watch on the Fair Grounds, desires to return his thanks, for himself and in behalf of the other members of the Watch, to Messrs. H. Pendt and A. D. Royster, for the nice collation furnished them on Friday night of the Fair.

The ladies of the Methodist Episcopal Church of Greensboro, will hold a Festival on Thursday night, 28th inst.

We take the following from the Wadesboro' *Argus*:

On last Sunday night some candidate for the gallows stuck fire under the door of Mr. E. D. Gaddy's store. Only the dampness of the wood prevented its being burned; and with it the whole of the wooden buildings on Rutherford street would have certainly been consumed. The splinters used were exceedingly resinous and combustible, and the great wonder is that the town was not burned. The villian or villians should be watched for and ferretted out and brought to severe punishment.

During the year ending June, 1869, the Odd Fellows in the United States paid out for charity alone $817,752 85. They number about 266,000 members. They are good fellows if they are odd.

For the Sentinel.

THE NORTH CAROLINA RAILROAD.

Editor of the Sentinel:—I clip the following item of news from the *Standard*, "By action of the Board of Directors, the North Carolina Railroad *has been leased* to the Raleigh and Gaston Railroad Company for a term of twenty years. The Raleigh and Gaston Road is to pay as an annual compensation, six per cent, on the capital stock of the North Carolina Railroad Company. This will make an annual payment of $240,000, WHICH IS A VERY MUCH LARGER SUM THAN THE ROAD HAS EVER BEEN ABLE TO EARN. The Raleigh and Gaston Road binds itself to keep in *first* class order the Road and rolling stock of the North Carolina Railroad. *The effect of this transaction has been to already* DOUBLE THE PRICE OF THE STOCK OF THE NORTH CAROLINA COMPANY, which is now valued at over fifty dollars per share. This action of the Directors will of course be submitted to a meeting of the Stockholders." This is a most extraordinary article, and the announcement it makes, comes like a loud peal of thunder from a cloudless sky. I hope, however, it will have the effect to wake up the Stockholders in our Road from the profound sleep they have been taking for some time past, and before the Philistians have them bound hand and foot, and handed over to their enemies to make sport for all time to come.—Whoever penned the above paragraph is most wonderfully ignorant of what he writes or is corrupt, one or both. That all the leading statements it contains is shamefully false and manufactured for the purpose, and for deceiving and misleading the confiding and unexpecting Stockholders, and for no other purpose whatever. The writer is evidently one of the "ring," or sympathises with them, and evidently is willing to do all in his power to enable the so called Raleigh and Gaston Railroad to gobble up the North Carolian Road at once, and thereby to enable it to defraud the State and individual Stockholders of their property in the Road. We are told that the Road has been leased by the Directors. This is not so, nor can they lease it, until the State and individual Stockholders authorize them to do so. It is true they may have gone so far as to employ counsel, and authorize them to draw up a lease and the Directors may have been ordered to sign the same, without even consulting any of the Stockholders in the Road, in their great haste to get the Road permanently into their possession. Still, all this does not amount to a leasing of the Road, and I humbly trust it never may be leased to the Raleigh and Gaston or any other Road, or Company in or out of the State, or any such lease, as set forth in the above article copied from the Organ of the financial "Ring," that seems bent on nothing but devising ways and means to plunder the State and honest men out of their rights and property. This whole affair partakes largely of the Penitentiary and Chatham Railroad swindle. The lease alluded to by the *Standard* has been gotten up and signed with the same interest, haste and secrecy,as were the bonds that were signed and issued for the Penitentiary and Chatham Railroad, and by the same parties. These very men that established the grog shop in the rotunda of the Capital, and give a protracted free treat, the better to enable them to corrupt the Legislature and enable them to log-roll the Penitentiary and the Chatham and other Railroad bills through that happy and virtuous body of unsofisticated patriots. But what an unblushing falsehood does the writer promulgate when he declares $240,000 is a very much larger sum than the Road has ever been able to make. All that is necessary to refute this premeditated *lie*, is to refer to the annual reports of the Company, and especially to Mr. President Smith's last monthly statement sent out to many if not all of the Stockholders, and published in most if not all the State papers. Is Mr Smith's statements false and were they made up to deceive the Stockholders, and to get unmerited puffs from the papers, whom he has complimented with free tickets? There can be no other conclusion arrived at if the statement of the *Standard* is correct. But it is not correct-- but false, willfully and knowingly false, and was published for no other purposes than to deceive and mislead. But if it proves true, what a concession does it make! According to the *Standard*, the Road under the management of Mr. Smith and his Radical friends, is so mismanaged that he cannot make it begin to clear near $240,000. But Mr. Hawkins the *Midas* of the Raleigh & Gaston Road, can by his superior management make it net the State and Stockholders 240,000 dollars annually and Heaven only knows how much more! Truely the *Standard* has overdone the matter—or most grievously belittled Mr. Smith and his party, one or both. There can be no escape from this conclusion. But Mr. Hawkins, the agent of the plundering Ring, will so conduct the Road as to certainly pay the Company $240,000 dollars annually, or six per cent on the capital stock of the Road. Here is another great falsehood, so designed as at the first glance to deceive the unsuspicious. I will try to make this plain to all if I can. First then as I understand the proposition of Mr. Hawkins and Company, is to pay to the State and Stockholders 240,000 dollars annually and no more. Out of this sum the State has to pay off the debts of the Company, both the bonded debt bearing eight per cent, payable semi annually, and the floating debt, which judging from the great anxiety of Mr. Smith and his friends, and the learned and unqualified assurances of the *Standard*, *must be large*, making the entire indebtedness in the aggregate of the Company large—say eight hundred thousand dollars, or one million of dollars at least. Now I should like to know if the Stockholders have to meet the heavy interest accruing every six months on this large debt, and pay all the taxes levied by the State and counties on the Stocks and so-called six per cent. dividends received, and finally the debt also, out of the dividends received from Mr. Hawkins, how much net cash will be left in their pockets, at the end of twenty years, and if they had repaired the Road to bring it up in good runing order, Is any one so green as to believe that they would make a cent by this transaction? If there be, let that man vote for it and he will have his eyes opened to his mistake at the end of the lease. But if the Stockholders made nothing, it is certain the Ring would literally coin money by running the Road under it to the end of the term. For I am told it is asserted the Road was never more prosperous than at present. There never has been as many passengers and as much freight passing over it as now, and both are daily rapidly increasing. This is made apparent from the fact that Mr. Smith has but recently had to place double daily freight trains on the Road, and the books of the Company will show that the passengers have increased greatly in the last year. So I contend, from the published statements of the Company and the above facts, that the Road is or can be made, easily, to net, to the Company, at least $300,000 annually, for the next two years, and this sum can, by proper management, soon be increased to $500 000. If I am correct in these figures, it needs no argument to prove that the debt of the Company can be sooner paid off if the whole of the net earnings of the Road is applied honestly to that purpose, thereby saving $240,000 of it, and giving up to Mr. Hawkins & Co. the remainder without any equivalent or consideration, whatever, therefor. In other words, if the Road nets but $300,000, after paying to the Company $240,000, he would annually clear $60,000, and if it netted $500,000, which, I contend, is two or three years Mr. Hawkins can make it earn, he would get $260,000 clear for his trouble, and the Stockholders but $240,000, out of which to pay the debts, taxes and interest on the debt of the Company. This is no fancy picture. It is an accurate statement, as I honestly believe, of the results that will fall on to the Company if this most iniquitous lease shall be ratified by the Stockholders. But, bad as this is, it is not all. I confidently assume the Raleigh and Gaston and Seaboard and Roanoke Railroads, and others, confidently expect to realize clear profits from running the North Carolina Railroad to meet the semi-annual interest on all the money they may have to borrow to complete the Chatham and Coalfield Railroad to Cheraw, S. C.

I have written much more than I designed when I commenced, and, yet, I have not said half on this matter I designed, and I desire to put in black an I white. But I can add nothing more at present, perhaps I may find time to say more at a future day. I will conclude by simply remarking, Mr. Branch, of Petersburg, may do well to be on hand at the meeting to be held in Raleigh, instead of giving a proxy to any one to represent him.

YARBOROUGH HOUSE,

RALEIGH, N. C.

OFFICE NO. 13, FIRST FLOOR.

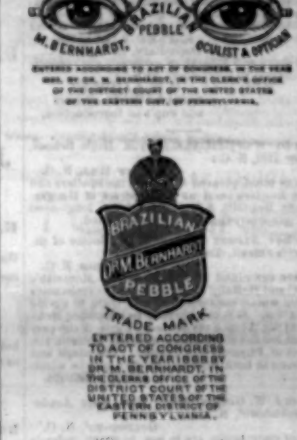
Entered according to act of Congress in the year 1867, by MORRIS BERNHARDT, in the Clerk's Office of the District Court of the United States, for the Middle District of Alabama.

MORRIS BERNHARDT,

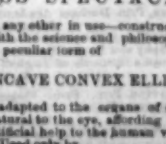
OPTICIAN,

OF BERLIN, PRUSSIA.

Recently of New York, offers those who are suffering from weak and defective sight, his



AND



GLASS SPECTACLES,

Superior to any other in use—constructed in accordance with the science and philosophy of nature, in the peculiar form of

A CONCAVE CONVEX ELLIPSIS,

Admirably adapted to the organs of sight, and perfectly natural to the eye, affording altogether the best artificial help to the human vision ever invented. Used only by

MORRIS BERNHARDT,

SPECTACLE & OPTICAL MANUFACTURER.

THE ADVANTAGES of these Spectacles over all others are:

1. They can be worn with perfect ease for any length of time at one sitting, giving astonishing clearness of vision, by candle or any other artificial light, comfort to the spectacle-wearer hitherto unknown.

2. How to select Glasses. It requires professional guidance even when a good article is offered. Dr. Bernhardt not only has the best Glasses that can be found in the market, but carefully examines the eyes of his patients, and gives indispensable advice as to the proper selection of them.

3. When the eyes ache or pain through the action of a bright light, such as is reflected from the snow, sunny weather, white paper, and in reading, writing or sewing, or vivid colored bodies; these lenses, by softening the rays, effect a most agreeable sensation and give great relief.

4. These spectacles are scientifically adjusted to every case of defective sight with unerring accuracy, whether arising from age, strain, over work, or premature decay, by Dr Bernhardt on a new and exact principle, entirely his own, which has seldom failed to be correct.

5. After several years of public practice, adjusting spectacles to patients under every aspect of defective vision, as well as experience in an extensive, long established business in his Optical Stores, both here and in Europe, Dr. Bernhardt considers it a sufficient guarantee of his ability to supply such glasses as are best calculated for the assistance of imperfect sight.

6. Mr. Bernhardt, to signalize himself from the host of pretenders in his profession, with pride submits for inspection, copies of testimonials he has received from medical gentlemen of the most unquestionable respectability and talent in America; also a number of certificates from well known gentlemen of distinction who have used his spectacles—the originals of all which he will be happy to show to those who may request it. The use of any of the following names or certificates hereunto affixed, without an actual possession of the same, would be a forgery, a capital offence, punishable by state imprisonment.

Testimony of Recommendations from Medical Gentlemen, Professors of the highest Opthalmic talent in Raleigh, N. C., and in the Union

Raleigh, Aug 24, 1869.

I have carefully examined Prof. Bernhardt's Spectacles, and take great pleasure in recommending him to those who, having defective vision, can be made to see more clearly and distinctly by the use of glasses. He has wonderful skill in this respect. The pair he has supplied me with are of Brazilian Pebble, of most superior quality and excellent finish. They enable me to see how to read, or write, at the ordinary focal distance, as clearly and distinctly as I did twenty years ago. I very cheerfully bear testimony both to the Professor's skill and to the wonderful properties of his glasses.

CHAS. E. JOHNSON, M. D.

Raleigh, N. C., Aug. 24, 1869.

I take great pleasure in saying that the Glasses I have obtained (and am now using) from Dr. M. Bernhart are to me a source of greater comfort than any I have previously used; my own experience fully sustaining the testimonials of excellence and commendation which he has received from gentlemen of science, and high character, in various parts of our country.

WM. G. HILL, M. D.

Raleigh, N. C., Aug 24, 1869.

I take pleasure in stating that I have examined the glasses of M. Bernhardt, Oculist and Optician, and think they are of the best material, and constructed on scientific principles. I would advise those in need of glasses to call on him.

Very respectfully,
F. J HAYWOOD, M. D.

Raleigh, Aug 24, 1869

Doctor Bernhardt called at my house and exhibited to me his fine assortment of Australian Crystal Glasses, which are of a very superior quality and workmanship. I take pleasure in saying that the glasses I have obtained from Professor Bernhardt are to me a source of greater comfort than any I have previously worn and cheerfully commend them to those who may be in need of glasses.

W. H McKEE, M. D.

Raleigh, Aug 25, 1869.

After an attentive examination of the various glasses in the possession of Dr. M. Bernhardt, accompanied with his explanation of his mode of preparing and adjusting them, it is with great pleasure I state my belief of his great skill, and of the benefit which those needing glasses must derive from his assistance.

H. S. MASON, D. D.,
Pastor Prot. Episcopal Church.

Raleigh, Aug. 25, 1869.

Dr. M. Bernhardt, Oculist and Optician, has fitted me with a pair of Spectacles superior to any article of the kind I ever had before. The material is Australian Crystal, the quality of which renders vision very clear and distinct, and enables me to read and write with as much ease as I did in a or twelve years ago. His assortment of glasses is most complete and the finish apparently perfect. I take great pleasure in recommending him to all who need their sight improved.

DRURY LACY, D. D.,
Late Pres't. of Davidson College, N. C.

Raleigh, Aug. 26, 1869.

It gives me pleasure to bear witness to the extraordinary value and excellence of the glasses prepared and furnished by Prof. Bernhardt. To those who need artificial aid for their vision he will be of the highest service.

J. M. ATKINSON,
Pastor of the Presbyterian Church.

State of North Carolina,
EXECUTIVE DEPARTMENT,
Raleigh, March 26, 1868.

I have examined a large number of the glasses of Prof. M. Bernhardt, and with pleasure certify to their superior excellence. I wear a pair of them and see as perfectly as I could in my youth. They are the best I ever used, and I therefore heartily recommend him to the patronage of the public.

JONATHAN WORTH,
Governor of North Carolina.

State of South Carolina,
EXECUTIVE DEPARTMENT,
Columbia, June 19th, 1868.

Sir: I have made a full and satisfactory test of the Spectacles procured from you, and I have the pleasure to say that the glasses are better adapted to my eyes than any I have ever used. The facility with which you fitted the glasses to my eyes, furnished me conclusive evidence of your scientific skill in optics and your thorough experience as an Oculist.

Your attainments in your profession entitle you to the confidence, patronage and gratitude of the public. I have the honor to be,

Very respectfully your,
JAMES L. ORR,
Governor of South Carolina.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

MONDAY, OCTOBER 25, 1869.

A JUDGE KICKED BY A MAYOR. NO KICKING BACK. ALL HE SAID WAS "MURDER! MERCY! TAKE HIM OFF."

His Honor, Augustus Adkinson, the Mayor of Milton, being in attendance on the State Fair, called at the SENTINEL office and we availed ourselves of the opportune occasion to "interview" him, upon the delicate question of having kicked Judge Tourgee in the streets of Milton.

Some half dozen plain farmers of Person and Caswell, who came to the Fair in their wagons, walked before us as we came from the Fair ground on Friday; we did not know them. We heard one observe, "Judge Tourgee is in town." Another said "I don't want to see him, I want to see no man who can't look you in the face." Said another "then you don't want to see the Governor, for he was never known to look a man straight in the face."

Said a third, "Tourgee wants Augustus Adkinson to kick him in the streets of Milton again." We asked the man who uttered the last sentiment, if Adkinson was in the city; upon his answer in the affirmative, we told him to send him to see us.—Friday night we were introduced to Augustus Adkinson, who informed us he was Mayor of Milton by appointment of Governor Holden; that Judge Tourgee, some two years ago, having interfered in his private affairs, he determined to chastise him with a club; he seized a stick and made at him, the Judge hollowed "murder! mercy! take him off!" and then took himself off. With his back to me, I could not strike him with the stick, so I followed him up, and "first with one foot and then with the other, I gave him the worst and most protracted kicking that any man ever had." "Did he offer to fight?" "Not in the least!" "Where did the kicking take place?" "On the main street in Milton, near the Presbyterian church, in the presence of many witnesses both white and black." "I kicked him along the street as far as from here to the Court House, just as hard as I could, and every kick enough to raise a white swelling."

On Saturday, we measured the distance to the Court House, and it was thirty seven steps. So His Honor, the Mayor, must have given His Honor, the Judge, thirty-seven fundamental pops.

Captain Burton, of the Petersburg *Index*, was in our sanctum at this "interviewing," looking for all the world as if he thought such a useful Mayor could improve the Judiciary of the old dominion.

PEN AND INK SKETCHES OF THE UNIVERSITY OF NORTH CAROLINA.

We have been repeatedly asked who was the author of the "pen and ink sketches" which were read with so much pleasure by the people of North Carolina and the Alumni of the University scattered over the whole South. We always evaded a direct answer to the question.

When the only lady to whom we tell our secrets, insisted on knowing, without intending to be rude, we said "it is none of your business, and, like your whole sex, you have too much curiosity." The reply was, "your secret tells itself, every body knows that it is Mrs. Spencer, for no one else could write them." It is almost as common to meet warm and devoted friends of the University of North Carolina in Alabama as in North Carolina, and the same remark is true of all the Southern States; for the late University was a South rn, rather than a North Carolina Institution. Other than North Carolina hearts are grieved to see the University in its abnegation and humiliation. When she puts off her sack cloth and ashes, and stands up in her robes of beauty and usefulness, as one of the Institutions of the country, for the education of heroes statesmen, Judges, Governors and Presidents, as she has done in the past, there will be more hearts to rejoice than can be found in North Carolina, as the following incident clearly demonstrates:

A venerable North Carolinian, resident for the last 26 years in Alabama having read this Summer these "sketches," republished from the SENTINEL in the N. C. *Presbyterian*, was so deeply gratified and touched by them, feeling his love for his native State renewed and strengthened, that to express his admiration and regard for the author, though personally unknown to him—his veneration for the great and good men who made the University what it was, and who are so graphically and truthfully delineated, and also to express his sympathy in its present degradation—he sends the author a massive plated gold ring, having engraved on the inside—"In memory of Caldwell, Swain, Phillips, Sr. Mitchell, Hooper, and the University of N. C. *as it was*. A tribute to Mrs. C. Phillips Spencer, from Wm. Huntingdon." One hundred and thirteen letters are very beautifully engraved on the inside. A delicate and beautiful token—invaluable to the lady, we presume.

We learn from the *Argus*, that Mr. Joseph Medley, of Wadesboro, had his leg badly broken by an iron giving way, when he was raising his mill stone, causing them to crush his leg.

THE LEASE.

We should have said more about the lease of the North Carolina to the Raleigh and Gaston Company, if we could have found in this city a copy of the proceedings of the last Stockholders meeting.—Many of the Stockholders of the Raleigh and Gaston Road tell us we have denounced them as swindlers; our answer to them is, we have done no such thing; we have denounced the lease; the Stockholders of the Raleigh and Gaston Road had nothing to do with it; the lease was made before they even knew it. When we denounce the lease we are not denouncing the Stockholders of that corporation. The Stockholders think that they are to have a say on the 11th, but it is not provided for in the terms of the lease. The ninth section of the charter of the Company says, "The affairs of the Company shall be managed and directed by a general Board of twelve directors." The nineteenth section says, "The Company may when they see fit farm out their right of transportation, over said road."

Relying on these two sections, a friend of the lesse says, the bargain is closed, the Stockholders, willing or unwilling, have nothing to say. We feel very sure that the lease is so contaminated with fraud as in equity to make it void. We know that money was offered in the matter of the lease, and we suspect that heavy bargains and promises are to be fulfilled upon its consummation.

The following curious letter was received by the Executive Committee and read before the N. C. Agricultural Society, at one of their meetings during Fair week:

I am King of all Grapes in America, I enjoy splendid health. Never am I bothered with any disease, as mildew or rotten spots. I can stand any kind of weather; all that I need is, to raise me good, nurse me good and give me plenty to eat, and I will bring you, every year, fine and plenty grapes which are good to eat, and which makes a fine wine. Look around me and see all those bottles and jars, filled with fine wines, pickles, preserves, jellies and syrups, all made from me.

Raise me in dry soils, and I will fill your pocket-book; drink my wine freely and it will make you lively, happy, industrious, and a good people; but for God's sake, don't drink any more of that *stuff* they call "liquor." It puts the devil in you and leads you into mischief and crime. I like the people, the soil and the climate of the "sunny South," especially of the "Good Old North State," but I don't like to live on the other side of Mason and Dixon's line; the people and country there are too chilly for me.

Your True Friend
CAROLINA SCUPPERNONG.

The letter is supposed to have been written from the centre of the flourishing young Vineyard of Mr. Louis Froelich, near Kenansville, Duplin county in this State.

Advice received from Paraguayan sources represent that President Lopez has established new lines of defense at San Eestane Islands, where he has a considerable force of men and plenty of artilery. The allies were unable to continue the pursuit for want of horses and mules, but will resume as soon as their army is organized.

A great many of the parties who recently purchased farms in Virginia are turning their attention to the raising of fruit. The nursery men, florists and seed dealers are receiving large orders for such descriptions of peach, apple, and other fruit trees, as flourish best in that climate.

The Government land surveys along portions of Gila river, in Arizona, recently disclosed ruins of elaborate structures bearing evidence of an obliterated race that apparently possessed considerable knowledge of arts and manufactures, and the lands themselves seem to have been under cultivation for centuries.

Fort Benton has been reoccupied by Government troops. Smallpox is prevailing among the Indian tribes near there. Several white men have been killed by the Indians between Fort Benton and Mork river within the past few days.

A strike is progressing among the work men employed in the shops of the Erie railroad. Four hundred struck at Susquehanna, and two hundred at Jersey City, and it is supposed the hands at Buffalo have also struck. The cause is said to be delay in paying the men, owing to the scarcity of currency. The company say they will have no difficulty in getting new men, and that there will be no interruption to the business of the road. The strikers were paid off.

The president of the Baltimore Board of Trade has received an invitation from the Viceroy of Egypt to be present at the inauguration of the opening of the Suez canal, under the very liberal provision of a free pass, which, on motion of the Board, the president was requested to accept. This the president signified his willingness to do, though he declined making the trip.

A PROCLAMATION,

By His Excellency, the Governor of North Carolina.

EXECUTIVE DEPARTMENT OF N. C.
RALEIGH, Oct. 20th, 1869.

Notwithstanding the existence of peace and good order in other portions of the State I regard it as my duty to announce that in four Counties, to wit: Lenoir, Jones, Orange, and Chatham, there is, and has been for some months past, a feeling of insubordination and insurrection, insomuch that many good citizens are put in terror for their lives and property, and it is difficult, if not impossible, to secure a full and fair enforcement of the law. Information has reached, and continues to reach the Executive, that in the above Counties a state of feeling exists which is totally incompatible with the free exercise, by the friends of the Government, of that independent expression of opinion, and that freedom of action, which is the birth right of every American. In Lenoir and Jones various thefts and murders have been committed; jails have been forcibly opened and the prisoners taken thence have been murdered; an officer of the law has been waylaid and slain on the public highway, and another officer of the law has been slain in the open day while engaged in his ordinary avocations. Private dwellings have been entered and the occupants terrified, and some of them whipped or murdered; others have been shot or hanged or cruelly beaten; and the result is that thus far the civil law, though firmly asserted and maintained, has not been adequate to bring the insubordinate and the wicked to condign punishment. In Chatham the jail has been forcibly opened and a prisoner, confined under sentence of a Court of the United States, has been liberated and is now at large. In Orange the jail has been forcibly opened and two prisoners (colored men) taken out and shot one of whom has died of his wounds. Three other colored men have been hanged until they were dead, one has been cruelly mutilated, and others have been whipped. White citizens have been injured, insulted and terrified. The University of the State, sacred to the cause of learning, has been repeatedly invaded by bands of armed men in disguise on horseback, and acts of violence have been there perpetrated on unoffending citizens and officers of the law. Many of the colored people in these Counties, and no inconsiderable portion of the white people, though obedient to the law and good citizens, are living under constant apprehensions that they may fall victims at any moment to the malice of their enemies.

It is made my duty under the Constitution "to call out the militia to execute the law, suppress riots or insurrection and to repel invasion." I deeply regret that it seems necessary to resort to the military power to enfore the law and to protect the citizen. But the law must be maintained. I have waited in vain, hoping that a returning sense of reason and justice would arrest these violations of the law. But these evils, instead of diminishing have increased, and no course is left to me but to issue this proclamation of admonition and warning to all the people of the Counties mentioned, whether engaged in these flagrant violations of law, or whether indifferent or insensible to what is occurring in their midst. I now call upon every citizen in the Counties aforesaid to aid the civil power in a fearless enforcement of the laws. No set of men can take the law into their own hands. Every citizen, however humble, or whatever his color, has a right to be at peace in his own house, and cannot be taken thence except by due process, and cannot be punished save by the law. If there be those who counsel resistance to established authority, such persons are traitors, and should be punished accordingly; if there be those who, disguised or masked, enter the dwellings of others by force and commit acts of violence, such persons are guilty of felony, and should be punished by hard labor in the penitentiary; if there be those who, without precept or order, hang, or shoot, or otherwise deprive any one of life, such persons are murderers, and should be punished accordingly.

I now give notice in the most solemn manner, that these violations of law and these outrages in the aforesaid counties, *must cease;* otherwise, I will proclaim those counties in a state of insurrection, and will exert the whole power of the State to enforce the law, to protect those who are assailed or injured, and to bring criminals to justice. In a matter like this there should be no party feeling. It is my fixed purpose to protect every citizen without regard to his antecedents, his color or his political opinions; but to do this the law must be sacred, must be spread over all alike, and must be inflexibly maintained.

Done at our City of Raleigh, this the 20th day of October, in the year of our Lord, one thousand eight hundred and sixty nine and in the ninety-fourth year of our Independence.
W. W. HOLDEN, Governor.

By the Governor:
W. R. RICHARDSON,
Private Secretary.

CHAPTER CCLXVII.

NEW ADS.—W. C. Stronach & Co. announces a number of articles in his line.

L. M. Davis, Optician.

STOCKHOLDERS MEETING.—Let the Stockholders of the North Carolina Rail Road remember that the 11th day of November is the day for their meeting. Let those who do not attend, send their proxies to such friends as will not sacrifice the road by leasing it to the Raleigh & Gaston Company for $240,000, when other Roads will give $300,000 or even more.

MAYOR'S COURT.—William Mitchell, *alias* "Boots," the chap who robbed Mr. Heartt's Store, some time since, and Archie Perkins, who robbed Creech's Store, on the same night, both colored, were arrested on Saturday night for robbing the money drawer of B. F. Cheatham & Bro., of some four or five dollars, and duly committed by the Mayor.

John Robeson, colored, for violently entering the house of Frances Cotton, near the Fair Grounds, Saturday night, was bound over to Court in a bond of $200.

Marion Bryan, Gaston Smith, Parham Waddell, Jasper Waddell, and J. Q. Bryan, for attempting to break into the house of Becky Johnston, were held to bail to appear this morning.

Jack Hofferen, a federal soldier, for being drunk and disorderly, was held to bail for better behavior.

WON THE ORGAN.—At the Concert Saturday night, the following was the vote for the Organ, for the Episcopal Church 4, Presbyterian 26, Baptist 25, Methodist 134, Roman Catholic 223, so the latter got the Organ. Owing to the rain, the attendance was smaller than it otherwise would have been.

We are requested to state, that all articles on exhibition in Floral Hall, at the Fair last week, uncalled for at the close, have been left with Miss Sophia Partridge, residing on Hargett street, near the Fair grounds.

TOURNAMENT AND CORONATION BALL AT WELDON.—We acknowledge the receipt of a ticket to the Tournament and Coronation Ball at Weldon, on the 11th of November; the Ball to come off at the Emry House.—A pair of silver spurs is to be the prize of the successful knight.

SATURDAY NIGHT.—We feel little like writing to-night; it is Saturday night, and we are particularly tired, having been in a constant bustle during the last week. It is Saturday night, and raining; everybody who would venture out at all, has gone to the concert, where, at the time of this writing, the Tremaine Brothers and Mr. Pierson are giving them double the worth of their money in music, vocal and instrumental, and then giving one of their Burdett combination organs to that Church that shall be most fully represented at the Hall. A great many of persons, who would have gone, more for the sake of the music than the organ, were doubtless kept away by the rain.

As we have said, we don't feel like writing; not that we have nothing to say, but are too weary to say it. We should not be so exhausted by the hub-bub of the Fair, if we were as lean and rawboned as some Locals we know of, who haven't flesh enough on their carcasses to tire a cat.—But we are *fat*, from the effects of high living, and that is our apology for writing no more to night, especially as it is Saturday night.

In the list of premiums, published in our issue of Saturday last, Miss M. L. Lindsay, who received a premium for a knit shawl, should have been registered from Greensboro' instead of Raleigh.

Mr. B. H. Norris, Captain of the Night Watch on the Fair Grounds, desires to return his thanks, for himself and in behalf of the other members of the Watch, to Messrs. H. Fendt and A. D. Royster, for the nice collation furnished them on Friday night of the Fair.

The ladies of the Methodist Episcopal Church of Greensboro, will hold a Festival on Thursday night, 28th inst.

We take the following from the Wadesboro' *Argus:*

On last Sunday night some candidate for the gallows stuck fire under the door of Mr. E. D. Gaddy's store. Only the dampness of the wood prevented its being burned; and with it the whole of the wooden buildings on Rutherford street would have certainly been consumed. The splinters used were exceedingly resinous and combustible, and the great wonder is that the town was not burned. The villian or villians should be watched for and ferretted out and brought to severe punishment.

During the year ending June, 1869, the Odd Fellows in the United States paid out for charity alone $817,752 85. They number about 266,000 members. They are good fellows if they are odd.

For the Sentinel.

THE NORTH CAROLINA RAILROAD.

Editor of the Sentinel:—I clip the following item of news from the *Standard*, "By action of the Board of Directors, the North Carolina Railroad *has been leased* to the Raleigh and Gaston Railroad Company for a term of twenty years. The Raleigh and Gaston Road is to pay as an annual compensation, six per cent, on the capital stock of the North Carolina Railroad Company. This will make an annual payment of $240,000, WHICH IS A VERY MUCH LARGER SUM THAN THE ROAD HAS EVER BEEN ABLE TO EARN. The Raleigh and Gaston Road binds itself to keep in first class order the Road and rolling stock of the North Carolina Railroad. *The effect of this transaction has been to already* DOUBLE THE PRICE OF THE STOCK OF THE NORTH CAROLINA COMPANY, which is now valued at over fifty dollars per share. This action of the Directors will of course be submitted to a meeting of the Stockholders." This is a most extraordinary article, and the announcement it makes, comes like a loud peal of thunder from a cloudless sky. I hope, however, it will have the effect to wake up the Stockholders in our Road from the profound sleep they have been taking for some time past, and before the Philistians have them bound hand and foot, and handed over to their enemies to make sport for all time to come.—Whoever penned the above paragraph is most wonderfully ignorant of what he writes or is corrupt, one or both. That all the leading statements it contains is shamefully false and manufactured for the purpose, and for deceiving and misleading the confiding and unexpecting Stockholders, and for no other purpose whatever. The writer is evidently one of the "ring," or sympathises with them, and evidently is willing to do all in his power to enable the so called Raleigh and Gaston Railroad to gobble up the North Carolina Road at once, and thereby to enable it to defraud the State and individual Stockholders of their property in the Road. We are told that the Road has been leased by the Directors. This is not so, nor can they lease it, until the State and individual Stockholders authorize them to do so. It is true they may have gone so far as to employ counsel, and authorize them to draw up a lease and the Directors may have been ordered to sign the same, without even consulting any of the Stockholders in the Road, in their great haste to get the Road permanently into their possession. Still, all this does not amount to a leasing of the Road, and I humbly trust it never may be leased to the Raleigh and Gaston or any other Road, or Company in or out of the State, or any such lease, as set forth in the above article copied from the Organ of the financial "Ring," that seems bent on nothing but devising ways and means to plunder the State and honest men out of their rights and property. This whole affair partakes largely of the Penitentiary and Chatham Railroad swindle. The lease alluded to by the *Standard* has been gotten up and signed with the same interest, haste and secrecy, as were the bonds that were signed and issued for the Penitentiary and Chatham Railroad, and by the same parties. These very men that established the grog shop in the rotunda of the Capital, and give a protracted free treat, the better to enable them to corrupt the Legislature and enable them to log-roll the Penitentiary and the Chatham and other Railroad bills through that happy and virtuous body of unsofisticated patriots. But what an unblushing falsehood does the writer promulgate when he declares $240,000 is a very much larger sum than the Road has ever been able to make. All that is necessary to refute this premeditated *lie*, is to refer to the annual reports of the Company, and especially to Mr. President Smith's last monthly statement sent out to many if not all of the Stockholders, and published in most if not all the State papers. In Mr. Smith's statements false and were they made up to deceive the Stockholders, and to get unmerited puffs from the papers, whom he has complimented with free tickets? There can be no other conclusion arrived at if the statement of the *Standard* is correct. But it is not correct—but false, wilfully and knowingly false, and was published for no other purposes than to deceive and mislead. But if it proves true, what a concession does it make! According to the *Standard*, the Road under the management of Mr. Smith and his Radical friends, is so mismanaged that he cannot make it begin to clear near $240,000. But Mr. Hawkins the *Midas* of the Raleigh & Gaston Road, can by his superior management make it net the State and Stockholders 240,000 dollars annually and Heaven only knows how much more! Truely the *Standard* has overdone the matter—or most grievously belittled Mr. Smith and his party, one or both. There can be no escape from this conclusion. But Mr. Hawkins, the agent of the plundering Ring, will so conduct the Road as to certainly pay the Company $240,000 dollars annually, or six per cent on the capital stock of the Road. Here is another great falsehood, so designed as at the first glance to deceive the unsuspicious. I will try to make this plain to all if I can. First then as I understand the proposition of Mr. Hawkins and Company, is to pay to the State and Stockholders 240 000 dollars annually and no more. Out of this sum the State has to pay off the debts of the Company, both the bonded debt bearing eight per cent, payable semi annually, and the floating debt, which judging from the great anxiety of Mr. Smith and his friends, and the learned and unqualified assurances of the *Standard*, *must be large*, making the entire indebtedness in the aggregate of the Company large—say eight hundred thousand dollars, or one million of dollars at least. Now I should like to know if the Stockholders have to meet the heavy interest accruing every six months on this large debt, and pay all the taxes levied by the State and counties on the Stocks and so-called six per cent. dividends received, and finally the debt also, out of the dividends received from Mr. Hawkins, how much net cash will be left in their pockets, at the end of twenty years, and if they had repaired the Road to bring it up in good runing order. Is any one so green as to believe that they would make a cent by this transaction? If there be, let that man vote for it and he will have his eyes opened to his mistake at the end of the lease. But if the Stockholders made nothing, it is certain the Ring would literally coin money by running the Road under it to the end of the term. For I am told it is asserted the Road was never more prosperous than at present. There never has been as many passengers and as much freight passing over it as now, and both are daily rapidly increasing. This is made apparent from the fact that Mr. Smith has but recently had to place double daily freight trains on the Road, and the books of the Company will show that the passengers have increased greatly in the last year. So I contend, from the published statements of the Company and the above facts, that the Road is or can be made, easily, to net, to the Company, at least $500,000 annually, for the next two years, and this sum can, by proper management, soon be increased to $500 000. If I am correct in these figures, it needs no argument to prove that the debt of the Company can be sooner paid off if the whole of the net earnings of the Road is applied honestly to that purpose, thereby saving $240,000 of it, and giving up to Mr. Hawkins & Co. the remainder without any equivalent or consideration, whatever, therefor. In other words, if the Road nets but $300,000, after paying to the Company $240,000, he would annually clear $60,000, and if it netted $500,000, which, I contend, in two or three years Mr. Hawkins can make it earn, he would get $260,000 clear for his trouble, and the Stockholders but $240,000, out of which to pay the debts, taxes and interest on the debt of the Company. This is no fancy picture. It is an accurate statement, as I honestly believe, of the results that will fall on to the Company if this most iniquitous lease shall be ratified by the Stockholders. But, bad as this is, it is not all. I confidently assume the Raleigh and Gaston and Seaboard and Roanoke Railroads, and others, confidently expect to realize clear profits from running the North Carolina Railroad to meet the semi-annual interest on all the money they may have to borrow to complete the Chatham and Coalfield Railroad to Cheraw, S. C.

I have written much more than I designed when I commenced, and, yet, I have not said half on this matter I designed, and I desire to put in black and white. But I can add nothing more at present, perhaps I may find time to say more at a future day. I will conclude by simply remarking, Mr. Branch, of Petersburg, may do well to be on hand at the meeting to be held in Raleigh, instead of giving a proxy to any one to represent him.

WASHINGTON, Oct. 23.—The following was telegraphed North from an unusually well informed source: "It has been ascertained that the occasion of the special Cabinet meeting on Wednesday last, was the consideration of the notorious Yerger case from Mississippi. GLASS SPECTACLES,

Superior to any other in use—constructed in accordance with the sciences and philosophy of nature, in the peculiar form of

A CONCAVE CONVEX ELLIPSIS,

Admirably adapted to the organs of sight, and perfectly natural to the eye, affording altogether the best artificial help to the human vision ever invented. Used only by

MORRIS BERNHARDT,

SPECTACLE & OPTICAL MANUFACTURER.

THE ADVANTAGES of these Spectacles over all others are:

1. **They can be worn with perfect ease** for any length of time at one sitting, giving astonishing clearness of vision, by candle or any other artificial light, comfort to the spectacle-wearer hitherto unknown.

2. **How to select Glasses.** It requires professional guidance even when a good article is offered. Dr. Bernhardt not only has the best Glasses that can be found in the market, but carefully examines the eyes of his patients, and gives indispensable advise as to the proper selection of them.

3. **When the eyes ache or pain through** the action of a bright light, such as is reflected from the snow, sunny weather, white paper, and in reading, writing or sewing, or vivid colored bodies; these lenses, by softening the rays, effect a most agreeable sensation and give great relief.

4. **These spectacles are scientifically** adjusted to every case of defective sight with unerring accuracy, whether arising from age, strain, over work, or premature decay, by Dr Bernhardt on a new and exact principle, entirely his own, which has seldom failed to be correct.

5. **After several years of public practice,** adjusting spectacles to patients under every aspect of defective vision, as well as experience in an extensive, long established business in his Optical Stores, both here and in Europe, Dr. Bernhardt considers it a sufficient guarantee of his ability to supply such glasses as are best calculated for the assistance of imperfect sight

6. **M. Bernhardt, to signalize himself** from the host of pretenders in his profession, with pride submits for inspection, copies of testimonials he has received from medical gentlemen of the most unquestionable respectability and talent in America; also a number of certificates from well known gentlemen of distinction who have used his spectacles—the originals of all which he will be happy to show to those who may request it. The use of any of the following names or certificates hereunto affixed, without an actual possession of the same, would be a forgery, a capital offence, punishable by state imprisonment.

Testimony of Recommendations from Medical Gentlemen, Professors of the highest Opthalmic talent in Raleigh, N. C., and in the Union

Raleigh, Aug 24, 1869.

I have carefully examined Prof. Bernhardt's Spectacles, and take great pleasure in recommending THEM to those who, having defective vision, can be made to see more clearly and distinctly by the use of glasses. He has wonderful skill in this respect. The pair he has supplied me with are of Brazilian Pebble, of most superior quality and excellent finish. They enable me to see how to read, or write, at the ordinary focal distance, as clearly and distinctly as I did twenty years ago. I very cheerfully bear testimony both to the Professor's skill and to the wonderful properties of his glasses.

CHAS. E JOHNSON, M. D.

Raleigh, N. C., Aug. 24, 1869.

I take great pleasure in saying that the Glasses I have obtained (and am now using) from Dr. M. Bernhart are to me a source of greater comfort than any I have previously used; my own experience fully sustaining the testimonials of excellence and commendation which he has received from gentlemen of science, and high character, in various parts of our country.

WM. G. HILL, M. D.

Raleigh, N. C., Aug 24, 1869.

I take pleasure in stating that I have examined the glasses of M. Bernhardt, Oculist and Optician, and think they are of the best material, and constructed on scientific principles. I would advise those in need of glasses to call on him.

Very respectfully,
F. J HATWOOD, M. D.
Raleigh, Aug 24, 1869

Doctor Bernhardt called at my house and exhibited to me his fine assortment of Australian Crystal Glasses, which are of a very superior quality and workmanship. I take pleasure in saying that the glasses I have obtained from Professor Bernhardt are to me a source of greater comfort than any I have previously worn and cheerfully commend them to those who may be in need of glasses.

W. H McKEE, M. D.
Raleigh, Aug 25, 1869.

After an attentive examination of the various glasses in the possession of Dr. M. Bernhardt, accompanied with his explanation of his mode of preparing and adjusting them, it is with great pleasure I state my belief of his great skill, and of the benefit which those needing glasses must derive from his assistance.

SCHOOL BOOKS.

UNIFORM SYSTEM OF

TEXT-BOOKS

FOR NORTH CAROLINA.

Office Publishers' Sup't of Introduction,
Raleigh, N. C., Sept. 21, 1869.

A DEPOSITORY has been established at Raleigh, in charge of Mr. Alfred Williams, for the following books, which were adopted Aug 9th, 1869, by the State Board of North Carolina for uniform use in the Public Schools:

PARKER & WATSON'S NATIONAL PRIMER.
PARKER & WATSON'S NATIONAL SPELLERS.
PARKER & WATSON'S NATIONAL READERS.
DAVIES' ARITHMETICS.
MONTEITH & McNALLY'S GEOGRAPHIES.
MONTEITH'S YOUTH'S HISTORY OF THE U. S.
BAKER'S SYSTEM OF PENMANSHIP.

THE NEW DESCRIPTIVE GEOGRAPHY OF NORTH CAROLINA will be ready about the middle of October next. The maps, &c., are now being engraved as rapidly as possible. This work will be furnished with Monteith & McNally's Series, without extra charge.

PROF. JEROME ALLEN'S COMPLETE SYSTEM OF MAP DRAWING will also be furnished to the Public schools with Monteith & McNally's Series, without extra charge.

The Books will be supplied at exceedingly low rates to the Public Schools in the State.

Similar terms will be made accessible to private schools adopting the above named books uniformly.

Pupils attending the Public Schools will, in accordance with the state contract, be furnished with new copies of Monteith & McNally's Geographies and Davies' Arithmetics in exchange for old copies of Cornell's Geographies and Quackenbos' Arithmetics, which they may possess.

Books will be supplied, carefully packed and shipped, by
ALFRED WILLIAMS,
Depositary, Raleigh, N. C.

Teachers and Educators generally are respectfully invited to correspond with
C. W. LAMBETH,
Agent for the Publishers
and Sup't of Introduction.

From Dr. WM. B. HARRELL, Prin. High School, Snow Hill, N. C.:
SNOW HILL, N. C.
"I am much pleased with both the spellers and all the Readers; and as to the series of Geographies by Monteith & McNally, I have long used no others when these could be obtained.

From Rev. ALBERT SIMMS, D. D., Rector of St. Mary's School, Raleigh, N. C.:
RALEIGH, N. C.
I have examined the Geographies Monteith's [No. 4] and McNally's [No. 5] and find excellencies in both, which eminently entitle them to a wide circulation. It is my purpose to introduce Monteith's [No. 4] into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works seem to me to be admirable.
ALBERT SIMMS.

From J. W. GULICK, A. M., Prin. Male Academy, Goldsboro', N. C.:
GOLDSBORO', N. C.
I find your books are in use in many Schools in this section. The teachers speak in the highest terms of your Readers and Geographies, and of Peck's Ganot in particular.
J. W. GULICK.

From Col. WM. BINGHAM, Prin. Bingham School, N. C.
The introduction of so much valuable matter on the subjects of Physical Geography and Geology and in a form so simple and intelligible makes it (Monteith's Intermediate Geography) in my judgment, a charming school book.
"We shall introduce Davies' Bourdon, perhaps others of your books."

From Dr. CLOSS, Prin. Durham Academy, N. C.:
DURHAM, N. C.
I design introducing the present session McNally's Geography and Davies' University Arithmetic; also Boyd's Elements of English Composition.
M. CLOSS.

From M. L. LITTLE, Esq., Prin. Pleasant Hill Seminary, Newton, N. C.:
NEWTON N. C.
Will introduce the University Arithmetic next term. Have examined it with much satisfaction. An admirable work.
M. L. LITTLE,
Prin. Pleasant Hill Seminary.

From Rev. S. IVEY, Prin. Auburn Academy N. C.:
AUBURN, N. C.
Monteith's Geographies are excellent works, and I shall introduce them into my school.
STURGEON IVEY.

Prof. WM. A. OWENSBEIL, writing from Hillsboro' Military Academy, says:
The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.

From J. E. DUGGER, Esq., Prin. Male Academy, Warrenton, N. C.
WARRENTON, N. C.
"Davies' Mathematics" was adopted by me in 1858, and, up to this time, I have examined no works superior to them as a whole.
I have examined, with a view of introduction, "McNally's Geography" [No. 5] and "Peck's Ganot's Natural Philosophy." I consider them most excellent works, and shall put them in my boys' hands, at the earliest period. The Philosophy is truly an enticing work and must meet with universal commendation.
J. E. DUGGER.

From W. C. KERR, State Geologist of N. C.
I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; not the least of which, especially in the eyes of the juveniles, will be found in its attractive and very graphic illustrations. Another is the truly wonderful amount of substantial and really scientific information conveyed by these wood cuts, and the concise and lucid descriptions appended. But the chief excellence consists in this, that Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography; so that the learner arrives, by a natural and easy process, at the true conception of the earth as an organized whole; the designed result of successive changes and modifications, under the control of physical laws, constituting a true growth from a chaotic germ through manifold stages of progress, all pointing forward to its destined end as the home of living beings, and finally of man.

From Rev. G. D. BERNHEIM, Principal of Mount Amoena Female Seminary, Mount Pleasant, N. C.
MT. PLEASANT, N. C.
I have introduced your National Series of Readers with great satisfaction to myself and to our teachers. We find them to be excellent, just suited to our purpose.
With Davies' Mathematical Series we have been long familiar, and can find no good reason for changing them.
In the Primary Department we have Monteith's Geographies, and in the advanced classes we have introduced Peck's Ganot, with much acceptance.
G. D. BERNHEIM.

From Prof. Jos. H. Fox, President Slantonsburg Scientific High School, N. C.
WILSON, N. C.
I have carefully examined the claims of the different Series of School Books most prominently before the public at this time. I have tested the merits of many of them in the school and lecture room, and feel no hesitancy in pronouncing the "National Series of Readers and Spellers" the best with which I am acquainted. I shall henceforth use no others in my school, and I shall furthermore use my influence to secure their adoption into other Seminaries in this section.
I use Davies' Mathematical Series in my school. I consider his works incomparably superior in many particulars, even to Stoddard's Course, which is saying a great deal. In fact, I consider it the highest encomium in my power to bestow.
I use Monteith's Series in my school. They afford a gradual but thorough and systematic progression, from the simplest rudiments of science, up to a development sufficiently exhaustive for all ordinary educational purposes. Their very superior merits has led me to discard ——— which stands next best on the list.
McNally's, the fifth book of the course, is decidedly the chef d'oeuvre of Geographies. No competent instructor can examine it for an hour without being struck with its extraordinary merit.
J. H. FOY

From the Statesville, N. C. American, February 20th, 1868.
We would call the attention of Teachers in Western North Carolina to the valuable School publications of this firm, which are equal to any in the Union.
Messrs. Barnes & Co., of New York, are now issuing large editions of these Standard School Books for the Southern States. The series consists of the National Primer, or Word Builder, National Elementary Speller, The National First 2nd 3rd, 4th and 5th Readers. This firm will allow no competition in the price of books published by them, which are among the best in the States.

From the Raleigh Daily Progress, Feb 20, 1868.
NATIONAL SECOND READER.—We have never examined a volume of its class which we could commend more cordially to parents and teachers.

From the N. C. Presbyterian, March 7, 1868.
NATIONAL FIRST READER.—We recommend it to all who desire a valuable book of Instruction for beginners.

From the Wilmington, N. C. Daily Herald, 1868.
The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappropriated. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring, and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF THOS H. BRIGGS. All are assured that as between this and any other there is no argument as to its merits over all others. And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c,

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,34
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It insured more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 852 policies, received an income of seventy-eight thousand dollars, and possessed net assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company except the *Mutual Life*; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested net assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
